

Pravin Choudhary

Full Stack Developer

+91 7620628928 | pravin.devv@gmail.com | GitHub | Portfolio | Pune, India

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building scalable web applications across frontend and backend technologies. Strong team player with expertise in React.js, Node.js, and database management. Proven ability to deliver end-to-end solutions with commitment to code quality and performance optimization. Fluent in English and Hindi with excellent problem-solving and communication skills.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, C++, Java

Frontend Technologies: React.js, Next.js, HTML5, CSS3, Tailwind CSS, React Hooks, Responsive UI Design

Backend Technologies: Node.js, Express.js, REST APIs

Databases & ORMs: MongoDB, PostgreSQL, Prisma ORM, Mongoose

Tools & Platforms: Git, GitHub, Docker, Linux, Windows, Vercel, GoDaddy, npm, Browser DevTools

Core Competencies: Full Stack Development, Object-Oriented Programming, Performance Optimization, Cloud Deployment

PROFESSIONAL EXPERIENCE

Rapid Rocket LLP

Remote

Frontend Developer Intern

Oct 2025 – Present

- Developed responsive web applications using React.js, Next.js, and TypeScript, delivering 15+ reusable components and implementing modern frontend architecture that reduced code duplication by 40%
- Integrated REST APIs and implemented state management solutions, achieving 35% improvement in page load performance through optimization techniques and code splitting
- Collaborated with backend developers to ensure seamless end-to-end functionality and managed version control using Git/GitHub, performing code reviews for 10+ pull requests weekly
- Deployed applications on Vercel and optimized build processes, reducing deployment time by 30%

IntelliSuite Technologies

Remote

Freelance Full Stack Developer

Sep 2025 – Oct 2025

- Built full-stack business website using React.js, Next.js, Node.js, and Express.js, improving page responsiveness by 40% and load time by 1.5x through performance optimization
- Developed and integrated REST APIs for email automation using Resend, processing 500+ client communications monthly with 99.9% system uptime
- Deployed and managed application on GoDaddy with seamless performance across all devices, demonstrating strong DevOps and deployment skills
- Applied object-oriented programming principles and resolved 15+ performance bottlenecks using browser DevTools

PROJECTS

Codium – Virtual AI Cloud-Based IDE | *React.js, Next.js, Node.js, REST APIs, WebSockets* | [Live](#) Aug 2025

- Built full-stack cloud IDE using React.js, Next.js, and Node.js with real-time WebSocket features, enabling live code generation and testing in isolated sandbox environment
- Developed backend APIs with Express.js and integrated Gemini/OpenAI APIs with comprehensive error handling, reducing manual development effort by 60% and improving productivity by 45%
- Implemented state management and deployed application on Vercel, achieving optimal performance and scalability

NotebookLM – AI-Powered Knowledge Rack | *React.js, Next.js, Node.js, Express.js, PostgreSQL* | [Live](#) Sep 2025

- Developed full-stack AI-driven knowledge platform with React.js frontend and Node.js/Express.js backend, processing 1000+ documents with PostgreSQL database integration using Prisma ORM
- Built RESTful APIs for file uploads (PDF, DOCX, TXT) and implemented vector embeddings storage in Qdrant for intelligent context-based retrieval
- Created adaptive chatbot interface using React Hooks and integrated LangChain with AI APIs, enhancing information retrieval efficiency by 50% and user engagement by 30%

EDUCATION

Savitribai Phule Pune University

Pune, India

Bachelor of Computer Applications (BCA)

Expected: May 2026

- Relevant Coursework: Object-Oriented Programming, Full Stack Web Development, Data Structures and Algorithms, Database Management Systems
